

P.V. CERT Community Activity

Thursday, June 14, 2018 6:30 P.M.
starting at your neighborhood gathering place

This year, for the second time, P.V. CERT and North View Fire Department offer you a chance to participate in a treatment area exercise. Treatment areas are a critical part of disaster relief and could be the only help available when you need it desperately. Collecting and caring for a large number of seriously wounded victims is a complicated, overwhelming process, and must be practiced to be done with a minimum amount of chaos. Practice requires victims – lots and lots of victims. At your gathering place, your block captain will ask for volunteer victims. He/she will treat your pretend wounds and give you instructions on what to do next. Please consider being a victim. If you like adventure, it will be one. If you're community spirited, this is super community service. If you need a bribe, there will be Zeppe's Italian Ice for everyone who comes to the treatment area. (We won't run out this year.)

We want everyone to have the chance to participate. If you don't know who your block captain is, call your section coordinator.
