- **July 6th-** Planning Commission
- **July 11th & 25th-** City Council
- **July 24th-** Pioneer Day: Offices Closed

MAYOR'S MESSAGE

The spring weather cooperated beautifully. For the most part, it allowed the snowpack to melt at a moderate rate, reducing the flooding. I wish I could say we came out of this record winter unscathed, but I know some of you suffered flooding. Ironically, the majority of the problems and flooding of basements came from groundwater rather than surface water. The ground was so saturated that water just started coming up wherever it could. Unfortunately, that sometimes meant a basement or a retaining wall. With the amount of water that was on our mountain, mother nature could have unleashed some record heat that would have put us in a much worse condition. So, I am grateful for the tender mercy of moderate weather. I would not have thought those words would ever be uttered by me. I never thought that I would fret and stew so much over the weather. As Mayor, it is indeed strange what keeps me awake at night.

Another successful Founders Day is in the books. It was a pleasure to get to meet so many of you at the breakfast, the parade, the car show, and the Salmon Bake. It was a wonderful day for our community. The weather was exactly right, plenty warm, but not blistering hot. Thanks to all of you for making it a great day. A special thanks to all the staff and volunteers that made an event like this come together.

Spring has brought out the bad guys so just a reminder to keep your vehicles locked up at night and to slow down as you travel throughout the city. Speeding continues to be a severe problem. We have kicked speed and seatbelt enforcement into high gear this summer - so be warned.

Finally, I ask you to please talk with your children and grandchildren about being good citizens. Sadly, we have had thousands of dollars of vandalism done to our public restrooms at the parks. We are even offering a reward leading to the arrest of those responsible for this reprehensible crime. We all pay when these types of things happen. If you or your children know anything about this, please do not hesitate to contact the city at (801) 782-6736.

Once again, thanks for caring, all you do, and for being good neighbors. I am committed to doing whatever it takes to ensure that we remain the best place to not only grow up, but the best place to grow old.

2023 Founders Day Help & Sponsors

We want to send out a heartfelt thank you to our wonderful community who came out and supported another successful Founders Day. We greatly appreciate all the sponsors, city staff, volunteers, Mayor and City Council, and first responders who made the magic happen.

Visit our social media pages for a list of our generous sponsors and hard working volunteers. Without their help, Founders day wouldn't happen.

A Reminder from the Public Works Department

It's landscaping season, and there are a lot of landscaping materials in the roadway around the city. This is not only a storm water issue, but also a traffic safety hazard to have such material in the roadway. Pleasant View City spends time and money to keep the streets in compliance with federal and state storm water standards. Please help us keep sediment out of the storm water system.

Storm events and excess sprinkler runoff will carry sediment and other materials into the storm drain grates which creates problems within our system. Thank you in advance for your cooperation and compliance.

Remember, We all live downstream. Only rain in the drain.

New Contractor for Waste & Recycling

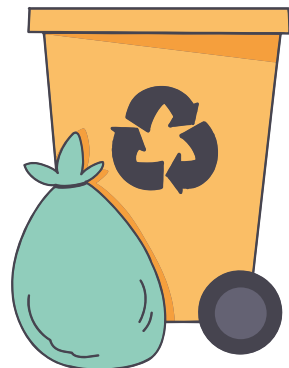

Service Provider. Pleasant View was recently required to seek a new garbage and recycling collection provider and has selected Republic Services.

Monthly Rates. New rates have been adopted with a \$6.40 increase in costs per month for residents with one garbage can and one recycling can, additional costs apply for those with additional cans.

Pickup Routes. Pickup routes remain largely the same. Mailed notices will be sent to anyone whose pickup day is modified. Residents can reach out to the city if there are any service disruptions.
