November 2018

## Storm Water Reminder

Please, do not blow your leaves from your yard into the gutter or road. This can cause the storm drain to become clogged creating potential flooding problems. The fertilizer from your lawn can also enter and contaminate our storm water system, which is a violation of the Storm Water Act of the State of Utah. Thank you for your continued cooperation in this matter.

## CERT News

For our next round of basic training, we have chosen a schedule that we hope will work for anyone who is interested. We will meet just once a month, on the first Thursday of each month from January through May, with the exception of April. In April, we'll meet on the second Thursday to avoid Spring Break. So the schedule will be: Disaster Preparedness and Fire Suppression on January 3rd, Triage and Treatment on February 7th, Disaster Psychology and Search and Rescue on March 7th, Team Organization and Communication on April 11th and a Mock Disaster on May 2nd. Classes will start at 6:30 pm and end at about 9:30 pm in the P.V. City Office Basement.

The training is mandatory for block captains and valuable to anyone who cares about preparedness. Your 2019 calendar is probably still empty, so mark the dates now and come give it a try. You just might like it! Lots of people do.

## November Recycling Calendar

Week	Su	Mo	Tu	We	Th	Fr	Sa
