Burn Permits

The Utah Department of Environmental Quality will be accepting applications for open burn permits between March 30th and May 30th. To obtain a permit, please visit their website at <http://air.utah.gov/OpenBurning/index.htm> or call them at (801) 536-4000.

From the Storm Water Department

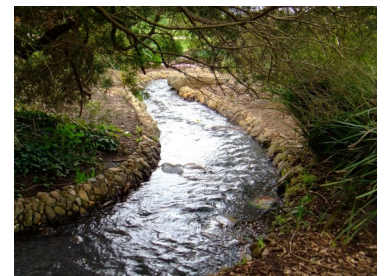

What kind of contaminants might reach our rivers and streams?

Contaminants resulting from unwise landscaping practices such as over applying or over watering might include: dirt, leaves, grass clippings, fertilizers, herbicides, and pesticides.

Chemicals from household products from washing your car, painting, or household cleaners.

Toxins such as oil or antifreeze may leak from your car.

Local recreation areas are affected by storm water contamination and can result in harmful situations for humans and wildlife.

Pleasant View City CERT Training

If you have looked at CERT advertisements in the past and thought maybe you would like to try it sometime, we strongly encourage you to come to the class on Thursday, March 15th. We guarantee it'll give you something to think about. If you don't like it, don't come back. If you do, we'd love to have you on our team! The classes are offered twice each year, so if you can't attend every class now, you can attend the ones you miss in the future.
