## Nuisance and Other Complaints

When submitting a nuisance or other complaint, please include your name and contact information. We do not disclose the identity of the complainant to anyone outside of the City offices, but we do need to be able to contact you in order to inform you of what steps, if any, are being taken to remedy the situation. Occasionally there are circumstances that may be annoying but aren't considered a nuisance. If you give us your contact information we can contact you with an explanation of what can be done about the issue and save you from submitting repeated requests.

## Volunteer and Help Read at Lomond View Elementary

Lomond View Elementary School is in need of volunteers to help out in classrooms and to help read to the students. If you're interested in helping with reading, please call Reading Specialist, Emily Mangum at (703) 785-7164. You may also contact Lomond View Elementary directly for more information at (801) 452-4780.

Thank you in advance for any help you're able to offer!

## Round-A-Bout Know How

The round-a-bout at the intersection of Pleasant View Drive, Elberta Drive, and 700 West was installed to improve traffic safety and flow. However, when the round-a-bout is improperly used it can be dangerous. Please remember the following round-a-bout rules:

- Slow down when approaching the round-a-bout.
- Always yield to traffic already circulating in the round-a-bout.
- Round-a-bouts are one-way traffic—always counter-clockwise.

### **Calendar of Events**

- September 11: City Council
- September 20: Planning Commission
- September 25: City Council
- October 8: Columbus Day, Office Closed

## Weber County Drive-Thru Flu Clinic

Weber-Morgan Health Department will kick off its 2018 flu-prevention season with a drive-thru flu clinic, October 2, from 10 a.m. to 2 p.m., in the health department parking lot, 477 23<sup>rd</sup> Street in downtown Ogden.

Cost is \$30 for each injectable shot and \$59 for the high-dose quadrivalent vaccine recommended for those over 65. Most insurances cover the cost of the vaccine so participants are encouraged to bring their insurance and Medicare/Medicaid cards with them.
